Subject: 1130 Presser Talking Points

Date: Sat, 24 Jan 2026 17:13:45 +0000

Importance: Normal

Inline-Images: image001.png

Here are some brief talking points I scratched out for the 1130.

- At approximately 9:03am, we received reports of a shooting involving a federal agent near 26 St E/Nicollet Ave.
- Officers found an adult male with multiple gunshot wounds when they arrived.
- Life-saving aid was already being rendered and he was transported by ambulance to an area hospital, where he was pronounced deceased.
- Based on the preliminary information I have, the 37-year-old man is a US Citizen and a Minneapolis resident.
- We have not been told what led up to the shooting, but I have seen the video on social media.
- It is deeply disturbing to see the actions of federal agents kicking and striking a US Citizen who is down on the ground.
- Whatever the justification that may be used, I have been clear that treating people like that is dehumanizing and inexcusable.
- I am clear about the expectations I have for my officers and train them to be better than that.
- We maintain a disciplined commitment to professional standards – this shooting by federal agents did not meet our own professional standard.
- My demand today is that those who are leading the federal agencies that are here do so with the discipline, humanity, and integrity that effective policing in a democratic society demand.
- I urge everyone to remain peaceful and if you are going to do so, to do so peacefully.
- Minneapolis did not create this climate, it was forced upon us.
- Do not destroy your own city and take the bait that the federal government has pushed upon us.

Ahh brown county, mn has a published list of abbreviations and acronyms including DHS as depart of health & human services in Minnesota so how are they over riding anyone in a federal case???

I don't know when brown county created this but DHS is listed in Minnesota as department of health & human services And the mass confusion in different systems now including law enforcement which had a section decades ago for DHS related items, I can only imagine and am kind scared to know the confusion but here common abbreviations and acronyms published gratefully by brown county here in the state of Minnesota... So has is the department of human services over righting or whatever court orders????

And was actually going threw my printed court documents for civil and criminal and heck if I don't have a million and one questions as to what things are as well as what they mean..

Thank you

Subject: 1/9/2026 Protest Citations

Date: Sat, 10 Jan 2026 07:00:49 +0000

Importance: Normal

Greetings:

Here is a draft media brief for the protestors at Canopy hotel: Please advise on edits.

The following preliminary information is subject to change.

Incident 26-007763

Location: 700 Block of 3rd St S / Downtown Minneapolis

Beginning around 8:00 p.m., a large crowd of several hundred people gathered near the Canopy Hotel on the 700 block of 3rd Street South. The group later moved to the Depot Renaissance Hotel on the 200 block of South 3rd Avenue, where property damage was reported.

At approximately 8:30 p.m., First Precinct officers responded to a report of a vehicle being driven toward a building. Officers located a vehicle parked on the sidewalk but found no visible damage to the vehicle or the surrounding area. Preliminary information indicated that a belligerent and possibly intoxicated woman had parked the vehicle, walked around the area, and entered a nearby hotel prior to officers' arrival.

While officers were investigating, a crowd formed around them. Additional officers responded to assist, and all officers were able to leave the area. One officer sustained minor injuries that did not require medical attention.

Throughout the evening, the crowd moved through the area, at times walking in roadways. Around 9:45 p.m., the group returned to the Canopy Hotel, where some individuals forced entry into the hotel through an alley entrance.

At approximately 10:15 p.m., MPD declared an unlawful assembly and issued multiple dispersal orders. Some individuals were detained, cited, and released. The main crowd began to disperse. A smaller group continued moving through downtown. Others remained near the Canopy Hotel, where additional dispersal orders were issued, and more individuals were detained and cited.

Over the course of the night, individuals threw snow, ice, and rocks at officers, police vehicles, and other vehicles in the roadway.

At least 25 people were detained, cited, and released.

Hey Chief

It's Letta

First of all, thank you for the great restraint you're exhibiting and the way in which you are keeping your team and our city safe

I love and appreciate you

And I'm not the only one

I had a foundation call me this week and say, "Can we pay you to do some positive stories about MPD since nobody is talking about the wonderful job that the chief is doing?"

I said, "Yes ma'am, you sure can."

She wants me to write stories and do interviews on my podcasts once monthly to highlight all the wonderful things MPD is doing as outlined in the report you presented at the meeting I attended.

Nobody was able to do any of those stories because the very next day Renee Good was shot and killed.

I would like to tell them yes and begin using the data you presented at that meeting to start generating stories and lining up interviews on my podcast shows starting next month, highlighting one thing you outlined each month

Would that be okay, Chief?

So we can get some good publicity out there about the Minneapolis PD?

Laugh often,
Sheletta

Dear Downtown Stakeholder,

We are aware of the planned demonstration, “**JUSTICE FOR ALEX PRETTI & RENEE NICOLE GOOD — NATIONWIDE SHUTDOWN,**” scheduled to take place downtown on **Friday, January 30, 2026, at 2:00 PM.** The organizers have now announced the specific meeting location; **Government Plaza 300 South 6th Street**

The **Minneapolis Police Department** is aware of this event and has staffed accordingly. Historically, downtown demonstrations, whether large or small—have remained peaceful. While traffic disruptions can occur, groups typically stay mobile, moving through the streets. As a result, any road closures are usually temporary and managed block-by-block as the group passes.

At this time, we are **not aware of any early skyway closures or changes to Metro Transit operations** related to this event. Additionally, DID will have extra ambassadors and outreach patrols in the skyways on Friday.

We do anticipate continued demonstrations both downtown and in other areas, though the frequency remains uncertain at this time.

Below are additional details and resources for your reference:

Event: JUSTICE FOR ALEX PRETTI & RENEE NICOLE GOOD — NATIONWIDE SHUTDOWN

39887

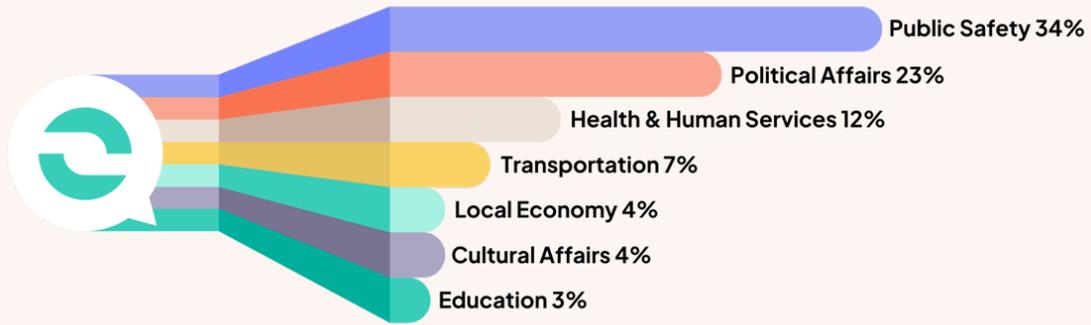

Those insights informed the work of **8,388** local leaders working on **39,887** strategic local government projects, from Chicago's public health operations to greener emergency response efforts in Cary, North Carolina. From shaping wildfire response strategy in Los Angeles to community-informed library upgrades in Middletown Township, New Jersey, the largest-ever Local Plan in Leeds, UK, and even a community engagement initiative on backyard chickens in Bellbrook, Ohio.

Conversation Trends:

What Residents Talked About Most

A year of discourse across Zencity communities shows where public attention concentrated in 2025.

Discourse Highlights:

What Stood Out This Year

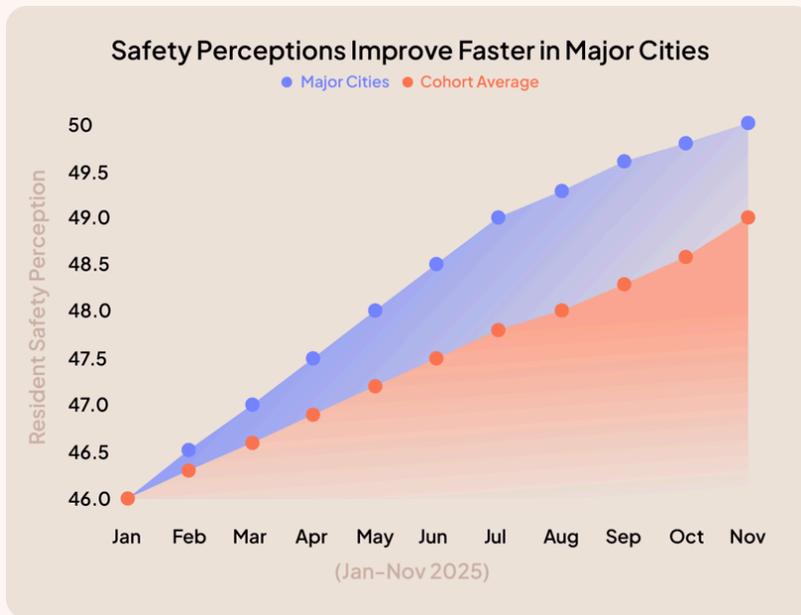

Across a year of community conversations, these topics stood out:

Public Safety:

Residents' Top Priority

Safety drove **one in three resident conversations**, making it the most discussed topic across communities with a **6% year-over-year increase**. Safety survey trends point to improving perceptions of safety, especially in major cities, influenced more by everyday experiences than national events.

Police updates played a key role. Police updates drove the highest engagement on official channels, with small and mid-sized communities surpassing national benchmarks for how well police listen to residents.

Fire & EMS: Strong, Consistent Support

Fire and EMS agencies recorded some of the **highest positive interaction rates, with 60%+ favorable engagement in most communities.** Their visibility, reliability, and steady communication remain major drivers of resident trust.

Cedar Crossings CasinoCommunity Life:

A Top-Five Conversation Driver

The local economy remained a top-five topic, with **one in three related conversations** focused on **local businesses**. Major projects, like **Lancaster's soccer stadium** or the Cedar Crossings Casino in **Cedar Rapids**.

Festivals and events also ranked among the most discussed topics, reinforcing how residents experience city pride, belonging, and local identity.

Education:

A Back-to-School Conversation Surge

School-related conversations climbed **125% from July to August**, with **cellphone-ban discussions up 40%** - a recurring policy flashpoint. Districts that communicate early about expectations, exceptions, and emergency use tend to navigate this spike more smoothly.

Lastly, our Pop Trend Discourse Winner:

Wicked dominated the pop-culture conversation this year, as Ariana Grande **generated nearly 3× more online engagement** than Cynthia Erivo.

Turns out Glinda is still the most *popular* 🍷

**Thank you to our partners.
We're proud to support the work you do to serve your
communities.**

Here's to a great 2026 🥂

SITUATION REPORT

10 January 2026

Public Safety and Security

(U) Federal Officer Involved Shooting – #11

Information Cut-off: 1700 hrs

(U) A large group of demonstrators gathered at Powderhorn Park on 3400 block of 15th Avenue South in Minneapolis for a planned demonstration. A pedestrian was reportedly struck during the demonstration. There is no further information on the cause of the accident and no reason to suspect it was nefarious. There were no other significant or major issues associated with the march. Various other demonstrations are taking place in the twin cities metropolitan area and greater Minnesota that remain mostly peaceful. Reporting of swatting and hoax calls has increased with callers also claiming interactions with ICE but are found to be false or unconfirmed. Information is currently circulating on social media potentially identifying hotels where federal officers are staying. This may lead to further swatting calls or demonstration activity.

Hello,

Attached is a copy of the Conformance Letter from the Permanent Review Committee regarding:

- **Issue an RFP for MPD In-Service and Academy Use of Force Training**

It is the intent of the City to award a single contract for a term of one (1) year with an option to extend the contract on an annual basis for one (1) additional year.

The RFP is being released to select a qualified applicant to aid in developing and delivering use of force training curricula to MPD members as required under the Settlement Agreement and recommended by the Consent Decree. The selected consultant will work closely with the department, City officials, and the City's independent monitor, ELEFA. The training curriculum will be subject to review by MDHR and will be submitted to ELEFA for approval prior to delivery.

Please review the RFP posting and let me know if you need any changes.

Any additional documents that you would like to share with the providers will also be posted in the same eSupplier Portal and you can send them to **Kim Yen Tu** – One example would be the questions and responses to the RFPs that you may receive. Let me know of any questions.

Thank you,

Dear Chief,

Firstly, if this email gets near you I will likely have a stroke.

I do understand the dilemma of having to ignore our constitution, the Federal authorities and the laws which can only be created through legislation...at the Federal level. I understand that Minnesota is actually still a State and falls under our federal laws. I'm saddened that a few political types are influencing you through threats and meddling.

You are in a tough spot and I don't envy you for that.

I will only say these things: Do you want your city burned to the ground by the same peaceful demonstrators of the "Floyd Era"? You know in your heart what's right. Lastly, your cooperation with Federal Law Enforcement will serve you and the overwhelming majority of citizens in your jurisdiction, and Minnesota, better than following the advice of a few local politicians....yes, even if you're fired for it.

Respect has it's value.....collect on it.

Thanks

Brian,

I just wanted to say thank you. I live in California and watched you on face the nation on tv. Thank you for speaking the truth on what happened in Minnesota.

Everyone saw he only had a phone in the video and Donald Trump is and always will be a peice of shit liar. Keep doing a great job with your position of serving the public. Donald Trump is very retaliatory so I hope he does not try to mess with your job after you speaking up on tv.

Anyway I just can't thank you enough for standing up for what is right... if only the rest of people were like that, we would live in a better world.

Thanks again

Julie

On the dates/times noted above, both 1st and 3rd Pct, Daywatch shifts were below minimums; officers were busy with other calls when these Dabuse calls came out. The calls were handled by Midwatch squads. There are FTO's (new recruits) in both precincts who should be taking these types of calls.

Action Taken:

An email was sent to the precinct Inspectors and the on-duty supervisors regarding the calls noted above. I also asked if Daywatch supervisors are still designating a gap car to cover the precinct at the of the shift or until a Midwatch squad is signed on.
