EXHIBIT 2 TO THE VERIFIED COMPLAINT

N SELECTED BY US GOVT AS TOP 10 MOST IMPORTANT US INFRASTRUCTURE PROJECTS

BLUEPRINT
2025

September 10, 2019

Erlend Olson
Chief Operating Officer
Theia Satellite Network (TSN)
1455 Pennsylvania Ave., NW
Washington, DC 20004

Dear Erlend,

Good morning! I would like to share the good news from our meeting last week with U.S. Secretary of the Treasury Stephen Mnuchin, and Director of the National Economic Council Larry Kudlow. I can confirm that we personally submitted the Theia Satellite Network project to the White House, as well as to the U.S. Department of the Treasury, as part of the Blueprint 2025 initiative. This was done on September 4th, at 4:00 pm in the afternoon, through a personal briefing, with both Secretary Mnuchin and Director of the National Economic Council Larry Kudlow participating actively.

Theia is now recognized by the Blueprint 2025 initiative as one of the Top Ten priority infrastructure projects in the U.S. At the request of Secretary Mnuchin we have prepared action items for the Theia project for inter-agency meetings, to be lead by Sec. Mnuchin.

In addition, we are scheduling a follow-up meeting with Director Kudlow this week to discuss Theia at his specific request. We have learned that President Trump has taken a personal interest in the TSN, and has asked for a private briefing by your team. As you already know, other agencies of the U.S. government have indicated that the TSN is a high priority project, and the President understands its importance now as well.

Thank you,

Norman F. Anderson
Chairman & CEO, CG/LA Infrastructure &
The Blueprint 2025 Initiative

cc: John Gallagher, Director

ON OCTOBER 21, 2019 AT THE ANNUAL GOVERNMENT INFRASTRUCTURE CONFERENCE IN WASHINGTON DC, THEIA WAS PRESENTED WITH AN AWARD FOR BEING SELECTED BY SECRETARY MNUCHIN'S COMMITTEE AS ONE OF THE TOP 10 MOST IMPORTANT INFRASTRUCTURE PROJECTS FOR THE USA. AWARD WAS PRESENTED BY GENERAL PETRAEUS TO THEIA CEO STEPHEN O'NEILL.
