INTRODUCTION

This manual is designed to give you the proper guidance and assistance to perform your duties to the best of your ability, while ensuring a consistently high level of service.

Gathering as much information as possible will help you with the day to day running of the home.

By using your communications skills - listening and observing, you will be able to anticipate the needs of Mr Epstein, Ms Maxwell and their guests.

Checklists will assist you in making sure that all tasks have been completed and that not even the smallest details have been overlooked.

GROOMING & GUEST RELATIONS

Appearance is extremely important if high standards are to be maintained. A favorable first impression goes a long way. Personal cleanliness, good presentation, and a genuine and polite "aim to please" approach are very important.

- Try and anticipate the needs of Mr Epstein, Ms Maxwell and their guests.
- Make guests feel pampered and welcome.
- Always address guest by their name, (eg: Mr Smith or Ms Smith)
- Do not discuss personal problems with guests.
- Be cautious of voice levels and noise while working in rooms, kitchen and hallways.
- Unobtrusive is the key.
- Remember that you see nothing, hear nothing, say nothing, except to answer a question directed at you. Respect their privacy.
- Use your judgment when conveying information to Mr Epstein. If the matter is not urgent, leave a note for him, clearly stating what it is you need to know.
- Wear the appropriate clothing while Mr Epstein, Ms Maxwell and their guests are in residence. Dark blue trousers with white golf shirts to be worn daily, long sleeve white shirts for dinner service.
- Items in pockets must not create a bulge or be visible.
- Do not address Mr Epstein, Ms Maxwell and their guests with your hands in your pockets.
- Do not eat or drink in front of Mr Epstein, Ms Maxwell and their guests. Do not chew gum.
- When you are attending to Mr Epstein, Ms Maxwell and their guests, cellular phones must be placed on "vibrate." At no time should these phones "ring."
- Avoid using strong perfume or aftershave lotion. This could cause an allergic reaction.
- Channel all questions and concerns through the Estate Manager.
- SMILE!

PROPER LANGUAGE

What you say is as important as what you do. Your language must include good diction and exclude swear words and slang. Pay attention to how you speak to Mr Epstein, Ms Maxwell and their guests.

You do not say:

“Yeah”
“Sure”
“No problem”
“You bet”
“Gotcha”
“Right”
“I dunno”

You do say:

“Yes, Mr _____”
“Of course, Ms _____”
“My pleasure”
“It is no trouble at all”
“With pleasure”
“I would be very pleased to”
“You are quite right”
“I have no idea, but I will find out immediately”

To a compliment you say:

“You are very kind”
“Thank, you, Ms _____. I enjoy doing it.”

To a justified criticism or mistake you say:

“I am very sorry; it will not happen again.”
“It was completely my fault; I will make the changes immediately.”

To a guest you say:

“If I can be of any additional assistance, please let me know.”
“Is there anything else that you might need.”
“I am very pleased that you enjoyed your stay, Mr _____”
“It was lovely to see you again, Mrs _____”

What to say when entering a room:

“May I come in”

What to say after entering the room:

Greet Mr Epstein, Ms Maxwell, and /or their guests, “Good Morning, Mr _____”

You do not expound on the weather or any other subject, unless asked. You have no idea how they are feeling.

You provide your service, then ask, “Is there anything else I might do for you,” and if not, leave the room.

ANSWERING THE TELEPHONE

How you answer the telephone will leave a long-lasting impression on all those who call. It immediately tells the caller the service standard. When you answer the phone, the quality of your voice is of utmost importance. The person on the other end of the line cannot see your expression or gestures, so any impression that person receives depends entirely on your voice. Speak clearly and distinctly. Do not slam down the receiver at any time!

- All calls should be answered in three rings or less.
- If the incoming line is one of Mr Epstein's or Ms Maxwell's, answer as follows:

“Good morning / afternoon / evening, Epstein / Maxwell residence.

- If Mr Epstein or Ms Maxwell have advised that they do not wish to receive any calls, you are to reply as follows:

“Mr Epstein / Ms Maxwell is not available. May I take a message?”

Complete a phone message slip with the following information: Name (spelt correctly), date and time of call, telephone number including the area code.

Place the message on the pantry countertop if it is for Mr Epstein, and for Ms Maxwell, on her desk.

- If Mr Epstein and Ms Maxwell choose to receive a call, you are to reply as follows:

“May I ask who is calling? Just a moment please.”

Ring the extension where they are located and advise them who is calling.

- There is a “Do Not Disturb” setting on the telephone system. This option is to be set as directed in the pre-arrival check off list.
- Telephone directories are to be updated every six months, or as the new telephone directories are available.
- A copy of Mr Epstein and Ms Maxwell's telephone directories must be placed to the right of each telephone (except for the Guestrooms).
- Always check that there are notepads and pens. These must be placed to the right of each telephone.
- A pair of reading glasses must be placed in front of each telephone (except for the Guestrooms).
- An extension card must be placed under the front of each telephone.

- Unless otherwise instructed, **NEVER** disclose Mr Epstein or Ms Maxwell's activities or whereabouts to anyone. If the caller is insistent, you simply ask to take a message, a time and a number, where the caller can be reached. Do not be bullied and do not show any reaction or impatience, simply be firm.
- Advise Ms Maxwell of any strange telephone calls or enquiries.
- Advise Ms Maxwell of any unusual behavior, such as strangers lurking around the vicinity of the property.
- Entrance gates to the property must remain closed when Mr Epstein is not in residence.
- **The security of the house and of Mr Epstein, Ms Maxwell and their guests, is your first consideration and should be uppermost in your consciousness.**

When leaving a room, turn to check it after you complete it.

REMEMBER TO STAY CALM AND DO NOT PANIC

FIRE

Call the Fire Department or 911 as soon as possible. Tell them the exact location and nature of the fire.

Ask all guests to leave their rooms.

Never use the elevator. It could stop between floors.

When you exit the building during a fire, close all doors as you exit to confine the fire.

Make sure that everyone leaves with you.

Heat, smoke and gases emitted by burning materials can quickly choke you. If you are caught in heavy smoke, get down on the floor and crawl. Take short breaths, breathing through your nose.

If your clothes catch fire, don't run. Stop where you are, drop to the ground, cover your face with your hands to protect your face and lungs and roll over to smother the flames.

Do not overestimate your ability to put out a fire. Most fires cannot be easily or safely extinguished. Do not attempt to put the fire out once it begins to quickly spread.

HURRICANE SEASON

The season generally runs from June through November with the peak period being in August and September.

During this time, it is necessary to monitor all weather systems on a daily basis, either via the television, internet or radio. Guests must be advised of the situation.

All outdoor furniture and loose items must be stored inside. Potted plants are moved into areas with the least wind or placed indoors.

All shutters are closed.

MEDICAL EMERGENCY

Call 911 as soon as possible. Give them as much information as you can. Tell them what happened and the current condition of the patient.

If you are unable to get help, drive the patient to the Good Samaritan Hospital, 1309 North Flagler Drive, West Palm Beach. Call the hospital on route and tell them that you are on your way.
