We now have a meeting penciled in with the Saudi Minister of Investment Khalid Al Falih at 5:10-5:30. Hopefully that works for Sam. His session at the event with Alfred Chuang is scheduled for 3:50-4:05.

Working on the additional meetings with PIF.

We had meeting scheduled but we are now waiting for confirmation. He seems to have cancelled several meetings. Hoping to have it before Sam's 3pm presentation.

Sam, that's great. Do you remember roughly their names? Following up on it today. Working on Mubadala as well, so we can hopefully create competition for the anchor role in the round.

Adding John. We will ask Sean McManus and Richard Attias who run FII to secure us a one on one meeting for you with the important principals.

It was great to have you there. Sign of huge respect for what they are doing that doesn't go unnoticed.

Dinner was great; thanks for getting me there!

I was sitting next two a few people from PIF who were investors in Race capital and said, roughly, "Race says great things about you guys; we should just invest directly in FTX some day".

What are the right follow-ups?
